

CARE WAITĀKERE TRUST

# THERAPY ROOMS

Beautiful therapy rooms for hire within a new, carefully designed facility leased by Care Waitākere Trust

**195-199 UNIVERSAL DRIVE, HENDERSON**

Care Waitākere Trust is opening a new facility in April 2023. This calm and welcoming space will have therapeutic rooms available for hire for those in private practise. Get in contact today to secure your space

# WHY HIRE AT CARE?

This purpose designed site is run by Care Waitākere Trust- a social services organisation that has been working in the Waitākere region for over 23 years.

Care Waitākere is a caring and empathic agency where your clients will feel comfortable and welcomed. There are two separate client waiting areas, one which features a staffed reception, and both include tea and coffee stations for clients to make themselves a drink.

Our facility is easy to access, on a quiet and calm street, with great cafe options and plenty of parking, and the added benefit of being easy to travel to via public transport. Electric cars may charge in the carpark.

Our spaces are designed with trauma-informed principles in mind, and will be dedicated to therapeutic services. The building will have full disability access, including a lift, as well as accessible toilet and shower facilities. A large kitchen and rest area are available for staff/hiree use, and internet and printing facilities are available too.

All therapy rooms will include large comfortable armchairs, coffee tables, and a desk area for you to work between sessions. Many of our rooms will feature lovely views across the city. Our two extra large balcony rooms will include an outdoor area for your exclusive use as well as lovely views and a huge amount of space.
